Dear Sirs,

I would like state that I am full support of all the proposals that are on the docket, But concerning the 60 Meter allocation, I feel this band should be made available to **GENERAL CLASS** License holders and Above.. I feel that doing anything less than this, such as only allowing advanced and extra classes, would no nothing but **HINDER** what the F.C.C. is trying to do here...

Signed,

-Charles P. Adkins
